Subject: RE: # of trucks at POE parking

Got more info from the Region just now: the cars that were there were removed last evening and sent on the alternate route. But even with those gone, the trucks cannot back up or move as they are lined up right to the parking lot exit. The next step would be to put them out on the passenger vehicle highway lanes – but they cannot put trucks out there as it would completely eliminate our ability to get emergency vehicles in and out of the vicinity.
